

Appendix 4 of Consultation Statement
Feedback form for Consultation on Pre-Submission Plan

Response Form: Consultation on Draft Arborfield and Barkham Neighbourhood Plan

A plan for the community by the community

Your Postcode

The Plan is arranged in four policy areas - A brief summary of each is provided in the 'pull out' comment form (return details bottom of page). We would like your opinions on what is proposed. Consultation responses may also be submitted through the website www.arbarplan.com. The complete policies, Draft Plan and supporting documents can also be viewed on the website. Consultation ends on 3 August. Please add (optional) your postcode to provide location context.

What we are setting out to achieve	Agree? Y/N	Comments
<p>IRS Policies - Identity and Rural Setting of the Villages</p> <ul style="list-style-type: none"> • IRS1 Conservation and enhancement of the identity and rural setting of settlements • IRS2 Preservation of the separation areas between Arborfield, Barkham and Arborfield Green • IRS3 Protection and enhancement of the natural environment and green spaces • IRS4 Protection and enhancement of the special and historic character of the area 		
<p>TC Policies - Thriving Communities</p> <ul style="list-style-type: none"> • TC1 Retention of valued local community facilities • TC2 Properly planned and designed new facilities, including a medical centre at Arborfield Green • TC3 Conditional support for small businesses and expansion of lawful activities 		

You can pull out this double page section and return it to the Parish Office at Arborfield Green or the Post Office at Bearwood Road. Or complete it online at www.arbarplan.com

What we are setting out to achieve?	Agree? Y/N	Comments
<p>AH Policies - Appropriate Housing</p> <ul style="list-style-type: none"> ● AH1 New housing within settlement boundaries or on brownfield sites ● AH2 Support for housing to meet local needs, e.g. affordable and key worker homes ● AH3 Very strict exception policies for new development outside settlements ● AH4 Any development to be of high quality, with generous open space and properly landscaped ● AH5 No adverse drainage and sewage impacts and no development in flood areas 		
<p>Policies - Getting About</p> <ul style="list-style-type: none"> ● GA1 New development must not increase traffic on unsuitable roads ● GA2 Implement local network of green routes for non-motorised users ● GA3 Arborfield Cross Relief Road, Barkham Bridge widening, and Nine Mile Ride Extension to be supported ● GA4 Bus routes in new developments must have adequate road width and junctions 		

Personal Data & Privacy

Any information that you supply will be processed by the Arborfield & Barkham Neighbourhood Plan Steering Group who are independently analysing the results of this feedback on behalf of Arborfield & Barkham Parish Councils, who, for the purposes of the Data Protection Act 1998 and the General Data Protection Regulation (GDPR), are the Data Controllers. From time to time we may ask you to volunteer your feedback on the processes associated with creating a Neighbourhood Plan together with your postcode, if you wish to provide it, for geographic context. You have the option to supply us with your email address if you would like to receive periodic progress updates. Information provided will be kept securely, treated as strictly confidential, used only for the purposes of developing the Neighbourhood Plan and may be kept for a period of time after its completion to comply with the prevailing legislation. Your information will not be shared with any other parties, but please note that any comments you make may appear anonymously in the published results. If you have any queries about privacy please contact the Arborfield & Barkham Neighbourhood Plan Steering Group at; abnpsg@gmail.com

Cookies

The Neighbourhood Plan web site does not create cookies (text files) on your computer to track your movements. We do keep a record of which web pages have been visited to monitor overall use of the site but this does not entail collecting personal data, it simply counts how many web browsers have visited a page over a given time.
